NON-ACADEMIC POSITIONS HELD

- Summer/Fall 05 **Emergency Management Accreditation Program Coordinator**, State of Massachusetts
Emergency Management Agency, Framingham, MA
Managed (full time as a consultant) the Commonwealth of Massachusetts's application for national accreditation of its statewide emergency management program. Administered all components of the application, including data collection and interviews of senior emergency management personnel in the Commonwealth. Liaised to all state agencies engaged in emergency management functions and to the national assessment entity. Prepared staff for the review. Prepared briefing material for senior emergency personnel, conducted presentations on the application to large audiences (75+ persons), and created file and document explanation structure for the national review. Reported to the director of the Commonwealth's emergency management program.
- 2003 – 2004 **Coordinator, External Affairs and Communications**, Hunter College President's Office
Worked under the supervision of the President's Office. Responsibilities in external affairs included government and community relations, serving as a liaison to government officials, organizing governmental events sponsored by the president's office, and researching and coordinating efforts for a major, \$600 million new science building. For this project, I conducted interviews with science faculty at Hunter College and with external community members. Findings were used in public relations and in seeking government assistance for science at Hunter College. Responsibilities in communications included review of content management for the complete overhaul of the college website, liaison with faculty, staff, and students to receive user feedback and needs to guide future development. In fall of 2003, conducted usability studies for faculty, staff and students for reorganized website and coordinated survey of a subset of students on web usage and needs. Developed budget-driven summer student recruitment advertising plan. Conducted initial review of all fiscal aspects of scholarship money provided under the Vice President for Administration's office.
- 2000 – 2002 **GIS Coordinator/Special Projects**, NYC Mayor's Office of Emergency Management
Worked in the GIS division of the Special Projects Unit. Served as night shift podium manager for 9/11 activation. Performed agency's various mapping needs, using ESRI and MapInfo software. Managed development of Emergency Management Online Locator System (EMOLS). Performed updates to agency website and corresponded with NYC Department of Information Technology and Telecommunications. Conducted policy research. Wrote policy briefing memos, attended committee hearings and briefings, and issued group meetings on behalf of staff; Performed special projects as assigned and administrative tasks.
