

4. Certificate of Graduate Study in Urban and Regional Planning

The Certificate of Graduate Study (COGS) introduces students to the theory and practice of urban and regional planning. Students will survey the discipline's history and major theoretical advancements before achieving an in-depth understanding of environmental and community planning practices. Students will also learn the major regulatory frameworks operating in the State of New Jersey, as well as nationally recognized ethical principles to guide a successful career in planning.

Declaration Requirements: Students must have completed a bachelor's degree in any field from an accredited college or university.

Note: This COGS applies to matriculated and non-matriculated students who are not enrolled in the MURP program.
