- The Land Conservancy of New Jersey is looking to support future environmental leaders pursuing degrees in environmental science, natural resource management, conservation, park administration, and related fields.
- *Deadline:* March
- *Award:* \$7,500-\$10,000 (each)

NJ Association of Conservation Districts

- <https://www.njacd.org/scholarships.html>
- Must be a NJ resident and a full time student in good standing at an accredited college. Must have successfully completed, or will complete by the scholarship award date, at least four full semesters of study. Must be an undergraduate enrolled in a major curriculum of agriculture or natural resource conservation, including agronomy, soil science, plant science, forestry, geography, journalism, agricultural education, environmental science, wildlife or fisheries management, environmental engineering, and other areas related to conservation.
- *Deadline:* May
- *Award:* \$1,000

Pinelands Garden Club - Medford, NJ

- [Application Link](#)
- For students from New Jersey who are interested in and pursuing a field of interest related to environmental and conservation issues. The garden club is a nonprofit whose mission includes encouraging the art of gardening and the conservation of natural resources and species, some of which are in the NJ Pinelands. It also has a partnership with Woodford Cedar Run, the 171-acre wildlife refuge and rehabilitation hospital and nature center, and the Pinelands Preservation Alliance. A special area of focus is on environmental awareness, such as preservation of the Pine Barrens ecosystem and Creek Farm, a sustainable chemical-free farm. Accepted majors include but are not limited to: agriculture, horticulture, ecology, landscape design, planning, environmental science, sustainability, and climate change.
- *Deadline:* February
- *Award:* \$1,000 to \$1,500 (for up to two students)

The Clara Carter Higgins Summer Environmental Studies Scholarship:

- <https://form.jotform.com/51585241816962>
- Open to undergraduate college students who are U.S. Citizens/permanent residents enrolled in a U.S.-based institution. These awards offer students who have demonstrated a keen interest in the betterment of the environment an opportunity for further study at a site chosen by the student. Some of the summer programs students

have completed recently include the study of hazardous waste, marine science, energy, plant resources in the tropics, barrier island ecology, and oil spill cleanup and control.

[Visit the GCA Scholarship page to learn more.](#)

- *Deadline:* February 5
- *Award:* \$3,000

- <https://brownandcaldwell.com/careers/minority-scholarship/>
- At Brown and Caldwell, we value diversity in the workplace, supporting organizations like the National Society of Black Engineers and the Society for Hispanic Professional Engineers. We also offer a \$5,000 Minority Scholarship to support students who identify as minorities and are interested in pursuing a career in the environmental or geology profession.
- *Deadline:* April

- *Award:* \$5,000

J. Fielding Reed Undergraduate Soil and Plant Sciences Scholarship

- <https://www.agronomy.org/awards/view/36/>
- The J. Fielding Reed Scholarship was established in recognition of Dr. Reed's life-long commitment to advancing the knowledge of agriculture through his work in soil science and natural resources, and his passion for educating students. The purpose of this scholarship is to honor an outstanding undergraduate pursuing a career in soil or plant sciences. Two reference letters are required. The nominee will be an undergraduate student member (ASA, CSSA, SSSA), pursuing a career in the plant or soil sciences, and graduate sometime this calendar year.
- *Deadline:* March
- *Award:* Varies (avg \$2,000)

Apprentice Ecologist Scholarship

- https://www.wildernessproject.org/volunteer_apprentice_ecologist
- The Apprentice Ecologist Scholarship is open to students interested in protecting wildlife and the environment. This program elevates young people into leadership roles by engaging them in environmental stewardship and conservation projects that benefit native ecosystems and local communities. Applicants should demonstrate personal initiative, leadership, and dedication in their projects.
- *Deadline:* December 31 / August 31
- *Award:* \$250-\$1,000

Expanding Representation in Geosciences Scholarship

- <https://www.geosociety.org/GSA/About/awards/GSA/Awards/erg.aspx>
- The goal of GSA's Expanding Representation in Geosciences (ERG) Scholarship is to foster the success of diverse students and to encourage their persistence in GSA as Members, role models, and future leaders in the geosciences.
- *Deadline:* May
- *Award:* \$1,500

Aga Khan Foundation International Scholarships

- AKDN.org
- Postgraduate scholarships for international students from Bangladesh, India, Pakistan, Afghanistan, Tajikistan, Kyrgyzstan, Syria, Egypt, Kenya, Tanzania, Uganda, Madagascar and Mozambique who are studying at a U.S. or Canadian post-graduate institution. Applicants need to have consistently excellent academic records, genuine financial need, be admitted to a reputable university or program of study and committed to studying AKDN's areas of focus – including health and nutrition, agriculture and food security, or economic inclusion.
- *Deadline:* January
- *Award:* Tuition and living expenses for the first two years of study.

American Meteorological Society Graduate Fellowship

- Ametsoc.org
- Fellowships are for graduate students entering their first year of graduate school and pursuing a degree in atmospheric or related sciences at a U.S. accredited institution. Applicants must have a minimum GPA of 3.0 on a 4.0 scale and be a U.S. citizen or hold permanent resident status.
- *Deadline:* January
- *Award:* Nine-month stipend plus partial travel support to attend the AMS annual meeting.

Do Something – See Us, Hear Us: Climate Justice

- dosomething.org
- Scholarship opportunities are for students between the age of 13 and 25 who live in the U.S. or are U.S. citizens living abroad. Applicants are expected to complete volunteer, social change, and civic action campaigns tied to current scholarship opportunities listed on the DoSomething homepage.
- *Award:* Varies

Dr. Nancy Foster Scholarship Program

- fosterscholars.noaa.gov
- Scholarships for independent graduate-level studies in oceanography, marine biology or maritime archaeology. Preference will be given to women and minority students; all eligible applicants must be U.S. citizens who are admitted to a relevant graduate program at an accredited institution.
- *Award:* Up \$42,000 yearly scholarship

Fulbright Foreign Student Program

- foreign.fulbrightonline.org
- Fulbright offers several different grants, including ones for international students who wish to study in the United States each year. Qualified candidates must possess a first- or upper second-class honors bachelor's degree, be accepted at an accredited graduate school, display academic merit, pass the GRE or GMAT exam, and attach a curriculum vitae. Fulbright fellows must return to their home country for at least two years after funding.
- *Award:* Varies, stipend based on cost of living

Garden Club of America Fellowship in Ecological Restoration

- gcamerica.org
- This grant is open to graduate students whose field of study can range from forestry and ecology to applied plant sciences and evolutionary biology. Eligible candidates must be enrolled in a leading accredited U.S. institution in environmental sciences and be engaged in research study in the recovery of ecological integrity.
- *Deadline:* December
- *Award:* Annual grant of \$8,000

PEO International Peace Scholarships

- peointernational.org
- Scholarships are awarded to women from outside the U.S. or Canada who are seeking their master's or PhD degrees in the United States or Canada. Eligible applicants must be enrolled full-time at an accredited college, not hold U.S. citizenship or be a permanent resident. Applicants will need to have a full year of coursework remaining, exhibit financial need and apply before starting their dissertation research.
- *Award:* Up to \$12,500

Recycling Education and Research Foundation National Scholarship

- ISRI.org
- Scholarship open to graduate students enrolled in programs that support the scrap processing or the recycling industry. Eligible applicants should be in applicable fields, which include mechanical engineering, material engineering, sustainability, industrial design and water management.
- *Award:* \$5,000

Rotary Foundation and Clubs

- Rotary.org
- Additional Application details: Scholarships are for college graduates and professionals studying peace and conflict resolutions as well as for undergraduate and graduate students studying abroad to promote peace, fight disease, provide clean water and sanitation, support mothers and children, promote education and grow local economies.
- *Award:* Tuition for one to four years of study

Schlumberger Foundation Faculty for the Future Award

- SLB.com
- Fellowships for female candidates who have been admitted to an accredited host university who are pursuing PhD and postdoctoral studies in the physical sciences, engineering, technology, biological sciences and related STEM disciplines. Recipients must be dedicated to teaching as a university faculty member in their home countries after graduation.
- *Award:* Up to \$50,000 per year for a PhD and \$40,000 for a postdoc

Theodore Gordon Flyfishers Founders Fund Scholarship

- <https://tgf.org/scholarships/>
- Available to students who are studying an environmental field and will be entering their first or second year of graduate school at a member institution of the Environmental Consortium of Colleges and Universities. Eligible recipients must be U.S. citizens and possess a 3.5 GPA within an environmental concentration.
- *Award:* \$5,000

For additional resources of financial assistance, consider searching nonprofit and organizations dedicated toward science and technology related to the environment and sustainability. The [American Geophysical Union](#), [National Science Foundation](#), and the [Association for the Advancement of Sustainability in Higher Education](#) are a few to review.
